Use the following questions to guide a conversation with a partner.

<b>Student</b>		<b>Coach</b>	
?		NOT YET	<b>Feedback from coach:</b> <ul style="list-style-type: none"> <li>I noticed... or</li> <li>I have some suggestions for you.</li> </ul>
Does my story <b>explicitly</b> match the given graph? Where have I used <b>precise</b> mathematical language to make this clear? (Part 1)			
Have I <b>accurately</b> explained how the slopes relate to the hiker's speed?			
Did I use the graph to determine the <b>correct</b> slopes and equation of the line?			
Did I sketch a graph that is <b>explicitly</b> connected to my story? (Part 3)
