Questions I need to address with respect to my recommendation for sharing the fence expenses:	Feedback from the Coach
What fence panel do I recommend them to use and why?	
How do I suggest we address any gaps between the fence length and the multiple panel length?	
How did I arrive at an estimate for how long this project will take? What factors did I consider?	
What were all the considerations I made to evaluate Mr. Akers labour? Did I exclude any I didn't think were relevant?	
What makes my recommendation "fair"? Do my calculations support this?
