How well did I **describe the work of the individual or organization?**

		You told me a lot about what the organization or person does.	You told me many things about what the organization or person does.	You told me a bit about what the organization or person does.	From what you have shared, I am not sure what the organization or person does.

How well did I **explain how they help other people?**

		I learned new things I didn't know before about how they help other people.	I have a pretty good idea about how they help other people.	I have a general idea about how they help other people.	I don't really know how they help other people.
