Peer Coaching Tool: Explain Impact
Canada's Natural Resources: Legacy – or Not?

Student _____ **Coach** _____

Student

How well did I **provide information about the natural resource?**

Coach

	You included pertinent (specific and important) information about the natural resource.	You included relevant information that fits the topic and makes sense.	You included appropriate information that is correct but it may need to be focused more directly.	You included trivial information that isn't really very important and doesn't help us understand the topic.

Student

How well did I **explain how the natural resource impacts quality of life?**

Coach

	You made insightful (interesting and unique) connections between the resource and quality of life.	The connections between the natural resource and quality of life make sense and are meaningful (important).	You made simplistic (simple and ordinary) connections between the natural resource and quality of life.	Your connections were vague (not clear) and it was difficult to make sense of them.
