

**Grade 8 Social Studies**  
**Student Self-Reflection Tool: Access and Retrieve Information**  
**God, Gold or Glory?**

**Student** \_\_\_\_\_

As I research, I need to access and retrieve **in-depth** information.

- There must be enough information to help my audience understand.
- Any questions the reader has will likely centre around wanting to know more about the topic rather than needing to clarify the basic details (5Ws).

As I research, I need to access and retrieve **pertinent** information.

- The information must be on topic.
- The information should help me state and support a position.
