

**Alberta Assessment Consortium**  
**Executive Director's APPROVED Annual Work Plan**  
**July 1, 2009 – June 30, 2010**

The work plan for 2009 – 2010 is based on the five key purposes of the Alberta Assessment Consortium.

**Purpose #1**

Develop a broad range of assessment materials that are directly tied to the Alberta curriculum, based on grade level standards, and that will enhance student learning.

- develop new assessment materials in accordance with subject areas outlined in the provincial curriculum implementation schedule
  - performance assessment tasks and rubrics
  - exemplars of assessment for learning
  - unit plans that model backward design planning
- develop strategies to increase the use of performance assessment tasks and the collection of exemplars
- continue to redesign existing performance assessment tasks to include assessment for learning processes

**Purpose #2**

Provide support for leadership development in classroom assessment.

- develop a webinar series for administrators on the topic of instructional leadership in classroom assessment
- focus Assessment Specialist Seminars on developing teacher leadership assessment capacity
- explore new directions/design of the Assessment Specialist Initiative

**Purpose #3**

Support teachers and leaders by providing opportunities for quality professional development.

- repackage existing AAC workshop materials into smaller units, suitable for PLC and staff meeting contexts (PD Tips)
- develop introductory web based PD modules to serve as resource materials for those who are new to assessment principles and practices
- provide PD modules to support the two new AAC resources, *Building Better Rubrics* and *Conversations about Assessment: A Parent's Guide*
- publish new AAC resource to replace the out-of-print publication, *How to Develop and Use Performance Assessments in the Classroom*
- expand the breadth of fall conference 2010 to include advanced sessions focused specifically on leadership in assessment

## AAC Executive Director Approved Work Plan 2009 – 2010 (continued)

### **Purpose #4**

Facilitate networking and sharing knowledge, skills and expertise.

- involve Field Services Facilitators in making purposeful connections among jurisdictions working on similar assessment related initiatives
- explore Web 2.0 strategies and other technologies for networking and sharing assessment knowledge, skills and expertise
- maintain links with leading assessment authorities
- provide ongoing communication with jurisdiction representatives and education partners about the work of AAC

### **Purpose #5**

Establish liaisons with other agencies.

- participate in ongoing collaborative projects with the education partners, specifically the Alberta Distributed Learning Project and PD Matters
- increase awareness of AAC, its products and services at the Ministry level
- invite ARPDC and ATA specialist councils to participate in the development and/or field testing of AAC performance assessment tasks
- collaborate with ARPDC, ATA, AHSC and CASS on projects of mutual interest
- continue to be involved with assessment cohort work, as invited, with post-secondary faculties
